

Where We Work

Bridges to Community

Dominican Republic

At a glance...

- 20% of the country lives in extreme poverty
- Half of the rural population lives in poverty
- In rural areas, only 60% of students enter high school
- 30% of 15-24 year olds have not completed primary school
- 78% of forest land has been deforested

Our work focuses on youth development, housing repairs, and reforestation

Nicaragua

At a glance...

- Poorest country in Central America
- 30% of country lives in extreme poverty
- Less than 50% of children go to high school
- Infant mortality rate is 20/1000 births
- 1/2 of rural population has no access to clean water or improved sanitation
- Over 1 million people need housing

Our work focuses on housing, school, and clinic construction, scholarships, and environmental development
